Great interest is aroused by this big musical comedy and the attendance promises to be large both evenings. The reserved seat sale opens at LaSalle's store opposite the hotel, next Monday, April 12.

TEAM TRANSFERRED

The team that has done service at No. 1 hose house for a number of years, has been transferred to the north side station together with the hose truck. The auto truck will hereafter answer all fire calls from No. 1 house. The horses from the north side station will probably be retained by the city to be used by the street commissioner.

COUNCIL MEETING ADJOURNED

Owing to the regular meeting night of the council falling on election day an adjournment was taken to Saturday evening when the regular monthly business will be gone over and the vote of the recent election will be canvassed.

JUDGE C. F. SMITH WINS OUT; SUPT. LOWELL HAS 146 MAJORITY

Heavy Vote Is Cast in Both City and County===Many Changes Made In City Officers

When the polls in the various precincts in the city and county were closed Tuesday night one of the most exciting and hotly contested campaigns ever conducted in the city and county was brought to an end, and the counting of the ballots was watched with great interest on all sides.

The election of Municipal Judge at this time brought out three candidates, and for several weeks a spirited campaign had been conducted, each of the candidates lending his best efforts to land the coveted prize.

The total vote of Judge C. F. Smith, who will continue to fill the office was 1009, Sam S. Miller 782 and R. J. Morter 473. Their vote in the various wards and precincts appears below.

Four years ago the total vote for Municipal Judge in the county was 1898. At that time the late Judge Walker was a candidate and was re-elected by a majority of about 175. R. J. Morter, one of the candidates in the recent campaign being his opponent.

The contest for County Supt. between F. A. Lowell and M. V. Boyce of Woodruff was sharp from start to finish. The mothers who oversee the education of their children took an active interest in the campaign for the first time in the history of Oneida county, and the vote polled was large, the total being 1732 as compared to 890 in 1911 and 569 two years ago. The official figures in the table below shows a majority of 146 for F. A. Lowell who has filled the office for the past six years.

Supreme Court Justice J. B. Winslow, Circuit Court Judge A. H. Reid and Chas. M. Rumery of Hazelhurst who were on the ticket without opposition, received the usual vote.

Dr. and Mrs. H. J. Westgate leave Saturday night for Milwaukee to spend some five days.

In the city the campaign was fully as exciting as for the county officers, there being three candidates for city clerk, two for city attorney and five for the position of street commissioner, as well as opposition on the ward officers in several wards.

The result of the count of ballots gave the first named office to Robert G. Robertson with a total vote of 515, plurality of one vote over Gust Swedberg and W. D. McIndoe. The latter's vote was 171 and Swedberg's total 343.

For city attorney Thos. Morse was chosen over H. L. Reeves, his total being 550 to 438 for the latter. For street commissioner the total vote cast for the successful candidate Richard Guilday was 363, Sam Moberg the present officer being his nearest opponent with a vote of 328; Presco Calkins had 105 votes to his credit, James Clancy 136 and Dan McDona 94. W. B. LaSelle had no opposition for justice of peace and polled 821 votes in the city.

In the first ward Gust Markström was chosen supervisor over Andrew Olson by a majority of 22.

Frank Pecor was re-elected as alderman in the third ward over Fred Gropengeiser, his majority 88.

Lynn Vaughan was returned as alderman from the fifth ward, his vote being 115 as compared to 93 cast for C. P. Crosby.

In the sixth ward Thos. Wight, socialist, was elected alderman. His total vote was 173. C. H. Roepcke polled 60 votes and J. A. Germond received 10 votes. Jay Russell will represent this ward on the county board, 161 votes being cast for him. J. G. Dunn, present supervisor had 10 votes to his credit.

WILL THIS CITY HAVE BALL TEAM?

With the dawn of spring local fans are beginning to ask the question, "Is Rhinelander to have a base ball team this year?" It has been several seasons since this city supported a team of any consequence and it is feared that another summer will go by without the great national game being played here. There seems to be lack of true base ball enthusiasm among the people of Rhinelander. While there are a few red hot fans here, the majority are of the lukewarm variety, the kind who would like to see a team organized but who hesitate when it comes to contributing toward its maintenance. Of course it requires money, and quite a roll of it to defray the expenses of a good semi-pro team, such as this city boasted a few years back, and there is no use of talking base ball unless this angle of coin can be heard.

In many of the neighboring cities active steps have already been taken toward the formation of ball clubs. Antigo, Rhinelander's old rival for the diamond, will have a fast team in the field this year, it is said, and so will Hurley, Ironwood, Tomahawk, Merrill, Stevens Point and Ladysmith. If Rhinelander is to be represented in the base ball realm in 1915 now is the time to get busy.

MEETING FOR THE FARMERS

On April 14 at the office of the County Representative in the courthouse will be held a farmers' farm management meeting. Prof. D. H. Otis of the University will have charge of this meeting. Prof. Otis has gotten out a farmers' account book called "Simplified Farm Accounts." This book makes farm bookkeeping so simple that a farmer can record all his financial dealings for a whole month in just a few minutes. At the end of the year, then, he can, with little work, figure out the exact amount of money he has made on the farm. Prof. Otis will take part of his time in explaining the use and value of this book. The price of the book to a farmer is \$50c, but the business men of Rhineland have agreed to furnish 20 copies free of charge to interested farmers just to get them started in the right way. Every farmer today certainly realizes the need of a system of simple bookkeeping. He should know how much money he makes each year, and also what part of his farm is making him the most money. Farming should be run on a business basis just the same as any other successful business.

Every farmer in the county who can should attend this meeting. Be at the court house in Rhineland, Wednesday, p. m., April 14, at 2:30.

FIFTY YEARS AGO

Fifty years ago, on April 9, 1865, in the quiet and peaceful little village of Appomattox court house, Va., was enacted one of the most memorable scenes in the history of that civil strife waged for over four long years between the North and South, the surrender of the army of Northern Virginia under Gen. Robert E. Lee to Gen. U. S. Grant, commander-in-chief of the Union forces.

Fifty years ago, on the night of Good Friday, April 14, 1865, President Lincoln was shot in Ford's Theater, Washington, by John Wilkes Booth, and died early the following morning.

EVENTS OF WEEK IN NEARBY TOWNS

Gladstone—Free delivery of mail was inaugurated in Gladstone Thursday. Two carriers are on duty.

Ironwood—In order to provide work for a many of Ironwood's unemployed a possible the city council has decided to do considerable sewer work at once. Ironwood taxpayers and members of their families will be given the preference.

Washburn—Notices have been posted in the cities and towns near here during the past week by the E. I. Du Pont company stating that they want 200 men at their plant at Barksdale April 1st. Wages of \$2.15 per day will be paid and an additional 20 per cent will be paid if the employees remain fifteen days or longer. The men will be used in building a new water system at the plant and for other work.

Ladysmith—One of the biggest things in relation to the industrial development of Ladysmith that ever happened occurred this week, the determination of the Schram Manufacturing Company to move its plant here from Oshkosh. This is an old established firm, manufacturing a large line of high grade chairs, including Morris chairs, rockers and other upholstered goods. They will move their whole plant here, making this their headquarters. The plant will employ from fifty to one hundred men.

Crandon—R. F. Pumphrey, aged 24, Tuesday morning pleaded guilty before Judge W. B. Quiblan at Marinette, of embezzling \$2,500 from the Flanner Slinger Lumber Co., of Blackwell, Forest county, and was sentenced to six years in the Green Bay Reformatory. Pumphrey, who was book keeper and cashier for the lumber company came to them from Mexico last June. He began taking money from the funds of the company in September, covering up his thefts on the books. Lately officials of the company began to suspect that the accounts were short, and an investigation disclosed the facts.

the name of Burke to the new county, which it is proposed to have the legislature form, the framers of the bill intend to honor Senator Timothy Burke of Green Bay. The bill provides for the taking in of parts of Outagamie and Shawano counties for the formation of the new county. It is proposed to make Seymour the county seat.

Tomahawk—The annual conference of the Appleton District Ministerial association of the Methodist Episcopal church will be held in this city April 20 and 21. About fifteen counties in the northeastern part of the state, extending south to Manitowoc, Appleton, Stevens Point and Grand Rapids, comprise the Appleton district. About fifty visitors are expected to be in attendance.

Antigo—Three Langlade county residents will share in the \$800,000 fortune left by Mrs. A. W. Patten, widow of a wealthy paper manufacturer. The three beneficiaries are Morris D. and Geo. W. Robinson, Morley, Wis., and Mrs. Charlotte A. Fowler, Ormsby, Wis. Each will get about \$175,000.

Superior—Warrants for the arrest of 34 persons on charges of fraudulent registration have been issued. Evidence on which the warrants were issued was furnished by the no-license campaign committee. More arrests are expected. Of 81 names, 34 were not to be found in the place they were registered from, according to the chairman of the committee, it is claimed there are 500 fraudulent names on the lists.

A WARNING TO MANY Some Interesting Facts About Kidney Troubles.

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1912, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Birmingham, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.

GETS BANK CONTRACT

It was announced this week that the contract for the construction of the new First National Bank building had been let to Carl Thomson formerly of Rhinelander. Considerable material has already been ordered for the new building and the construction work will be commenced as soon as weather and other conditions will permit. Mr. Thomson has had many years' experience in the contracting business at Rhinelander and other places and has just about completed the work on Ray J. Haggerty's fine new residence on Third Ave.—Park Falls Herald.

NEW BASE BALL LEAGUE

A new base ball league consisting of Ironwood, Hurley, Bessemer, Mellen, Odanah, Park Falls, Ashland and Ironwood, M. A. C., has been formed and will be known as the Northern Interstate League. The season will begin May 9, and will end September 26. The schedule calls for 21 games, all to be played on Sunday. Too bad Rhinelander hasn't a base ball team which could be included in this league.

THE TRAIN ROBBER TRIES TO HOLD UP THE GOOD JUDGE

HITTING the high places of public favor—the way news of "Right-Cut," the Real Tobacco Chew, is getting around from friend to friend.

A little chew of pure, rich, mellow tobacco—cut fine, short shred—seasoned and sweetened just enough, cuts out so much of the grinding and spitting.

Take a very small chew—less than one-quarter the size of an ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how low down you take to tobacco satisfaction. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure rich tobacco does not need to be covered up with molasses and sugar. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

MORE STRENGTH FOR OLD PEOPLE

Mrs. Hutchison—Eighty-One Years Old—Uses No Other Tonic but Vinol and Recommends It to Friends.

Greenville, S. C.—"It is with pleasure I tell others of the great benefit I have derived from Vinol, for the past several years. I am 81 years old and I find Vinol gives me strength, a healthy appetite and overcomes nervous disorders. Vinol is the only tonic reconstructor I have used for several years. I have recommended it to a great many of my friends and it has always proved satisfactory." — Mrs. M. A. HUTCHISON, Greenville, S. C.

Such cases as the above are constantly coming to our attention. If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

It is the tissue building, curative elements of the cod's livers, aided by the blood making strengthening properties of tonic iron contained in Vinol, that makes it so successful in building up strength for old people, delicate children and for all run-down conditions. Vinol is also a most successful remedy for chronic coughs, colds and bronchitis. If it fails to benefit any one who tries it we return your money.

VETERANS MUST SHOW CREDENTIALS

Civil war veterans living in Rhinelander have received, notice of an order issued by the treasury department at Washington, authorizing them to show their pension certificates in order to receive their quarterly checks. The certificate must be shown to the mail carrier or postmaster delivering the check and if the pensioner is unable to produce the certificate the check will be held up. The order is issued for protection of the veterans and to prevent the delivery of pension checks to the wrong persons, to rectify errors and to keep the pension roll a roll of honor.

The order is as follows: "When receiving your next quarterly pension check you must exhibit your pension certificate to the postmaster or carrier. He will compare the number on your certificate with the number shown on the envelope or check before he delivers the check to you."

Pension checks will be received on April 4th.

FOR HOW LONG?

Rhinelander Raises A Pertinent Question

When a neighbor tells us that he has recovered from a serious illness the first question that naturally arises is, "How long will he keep well? Temporary relief is one thing but a lasting cure is altogether different. There is nothing temporary about the work of Doan's Kidney Pills as the following Rhinelander evidence proves beyond a doubt.

S. D. Nelson, grocer, 204 E. King St., Rhinelander, says: "I had pains in the small of my back which were caused by weak kidneys. It was hard for me to stoop or lift and I couldn't bring any strain on my back. Several boxes of Doan's Kidney Pills rid me of these ailments." (Statement made November 1910.)

OVER TWO YEARS LATER, Mr. Nelson said: "I am pleased to say that the cure Doan's Kidney Pills made has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nelson had. Foster-Milburn Co. Propos., Buffalo, N. Y.

FARMER MEETS NATION'S PAYROLL

A Call Upon Law Makers To
Prevent Useless Tax On
Agriculture

(By Peter Radford, Lecturer National Farmers' Union.)

The farmer is the paymaster of industry and as such he must meet the nation's payroll. When industry pays its bill it must make a slight draft upon agriculture for the amount which the farmer is compelled to honor without protest. This check drawn upon agriculture may travel to and fro over the highways of commerce; may build cities; girdle the globe with bands of steel; may search hidden treasures in the earth or traverse the skies, but in the end it will rest upon the soil. No dollar will remain suspended in midair; it is as certain to seek the earth's surface as an apple that falls from a tree.

When a farmer buys a plow he pays the man who mined the metal, the woodman who felled the tree, the manufacturer who assembled the raw material and shaped it into an article of usefulness, the railroad that transported it and the dealer who sold him the goods. He pays the wages of labor and capital employed in the transaction as well as pays for the tools, machinery, buildings, etc., used in the construction of the commodity and the same applies to all articles of use and diet of himself and those engaged in the subsidiary lines of industry.

There is no payroll in civilization that does not rest upon the back of the farmer. He must pay the bills—all of them.

The total value of the nation's annual agricultural products is around \$12,000,000,000, and it is safe to estimate that 95 cents on every dollar goes to meeting the expenses of subsidiary industries. The farmer does not work more than thirty minutes per day for himself; the remaining thirteen hours of the day's toil he devotes to meeting the payroll of the hired hands of agriculture, such as the manufacturer, railroad, commercial and other servants.

The annual payroll of agriculture approximates \$12,000,000,000. A portion of the amount is shifted to foreign countries in exports, but the total payroll of industries working for the farmer divides substantially as follows: Railroads, \$1,253,000,000; manufacturers, \$4,365,000,000; mining, \$635,000,000; banks, \$200,000,000; mercantile \$3,500,000,000, and a heavy miscellaneous payroll constitutes the remainder.

It takes the corn crop, the most valuable in agriculture, which sold last year for \$1,632,000,000, to pay off the employees of the railroads; the money derived from our annual sales of live stock of approximately \$22,000,000,000, the yearly cotton crop, valued at \$920,000,000; the wheat crop, which is worth \$610,000,000, and the oat crop that is worth \$440,000,000, are required to meet the annual payroll of the manufacturers. The money derived from the remaining staple crops is used in meeting the payroll of the bankers, merchants, etc. After these obligations are paid, the farmer has only a few bunches of vegetables, some fruit and poultry which he can sell and call the proceeds his own.

When the farmer pays off his help he has very little left and to meet these tremendous payrolls he has been forced to mortgage homes, work women in the field and increase the hours of his labor. We are, therefore, compelled to call upon all industries dependent upon the farmers for subsistence to re-trench in their expenditures and to cut off all unnecessary expenses. This course is absolutely necessary in order to avoid a reduction in wages.

CHICKENS RUIN FLOWER GARDENS

Rhineland, Wis., April 2, 1915

Mr. Barstow:—

Dear Sir: Your article in The New North on the planting of flowers and beautifying the lawn is splendid, but the planting of the flowers is the easiest part. Will you please tell me how we can have flowers when our neighbors let their chickens run from the time the snow begins to melt until the first of June or later? I have planted over \$8.00 worth of perennials, bulb and seeds within the last three years, and this spring there is nothing left in the ground to grow.

As to the lawn, there is not a day without at least one hundred men, women and children cross the corner. Men going to and from work, children going to and from school and women going shopping, until it looks more like a mud hole than a lawn. Then that public nuisance, the bill boy, who has made a path from the street to your mail box on one side and from the mail box to the street on the other side.

If a property owner has struggled through all these trials and managed to raise a few flowers, and a few spears of grass, the young men and women take notice of the places that have a few flowers and some fine summer evening in their endeavor to pick a bouquet, pull up part of the plants by the roots and then trample down the rest, so what is the use?

Where Loyalty Counts.
Loyalty to one's employer is the first lesson that should be taught to the aspirant for a place in the business world, says a circular sent out by the efficiency bureau of the New York university. The reason given is that loyalty means success to the employer and resultant prosperity to the employee.

STOMACH TROUBLE CURED

Judge Wouldn't Stand for It.
An ignorant justice of the peace in Florida was called on to decide a case. Counsel for both sides made their long and eloquent speeches after all the facts had been elicited from the witnesses. "Priscilla discharges," said the magistrate. "The hull accusation is done been based on a dinged technicality."

Good Nature.
The world deals good-naturedly with good-natured people, says Thackeray, and I never knew a sulky misanthrope who quarreled with it but it was he, and not it, that was in the wrong.

THE NEW NORTH.
THE NEW NORTH PRINTING CO.
APRIL 8, 1915.
Entered at the Postoffice at Rhinelander, Wis. as Second Class Mail Matter.

Many shocks were given in the city. It seemed to be the year for the defeat of old office holders. In a three cornered fight, City Clerk Svedberg was defeated by Robert Robertson. In this time of Mr. new members. We consider that Svedberg's defeat, we must state he has made a competent and painstaking official. Robert Robertson, who will be his successor, is the highest type of a young man and unusually prepared for the duties of this office. He is a Rhinelander boy, a graduate of our high school and a graduate of Georgetown law school. He is now serving as assistant American Express agent in this city. His vote shows his popularity in the city of Rhinelander. We expect splendid service from Mr. Robertson as city clerk.

Several reliable old members are retained on the county board and many new ones have been chosen. We believe as a body Oneida county has a board of supervisors who will make a good record in behalf of public welfare.

Grant Cook, for ten years county superintendent of schools of Vilas county met defeat at the election Tuesday. Mr. Cook has served the county faithfully and well. His successor is A. J. Austin, at one time principal of the Eagle River High school.

There are two defeats of old and long time faithful supervisors, but we believe the new men, in their places, will aim to make good public servants in their new duties. The four members who return to the board all have good records and we have every reason to believe that the city will be well represented in the county board.

Harry Reers, city attorney by appointment, was defeated by Thomas Morse. Both men have many friends. Either is thoroughly competent for the office. However, it is a fact that Attorney Morse has a strong hold upon the city for one who has been here so short a time. We wish him every success in his new office.

The office of street commissioner will be filled by another man after ten years of faithful and efficient service by Sam Moberg.

Richard Guldway, who will take up the duties of this office because of his recent victory with five candidates in the field, is splendidly equipped for the office. He is a clean, vigorous, hard working man and we feel certain that he will satisfy the people by his competent and faithful work.

The pugilistic world has a new heavyweight champion. By snatching the laurel wreath from the dusky brow of Jack Johnson, Jess Willard won the title at Havana, Cuba, Monday. The big cowboy turned the trick in the twenty-sixth round. Johnson is without a country, he has lost his only asset and when the big money, which he received for his recent battle, vanishes in fast living, he will be completely down and out. Thus do the mighty fall.

J. H. Hamlin, present county superintendent of schools in Lincoln county, who holds the lowest grade of certificate possible to entitle him to fill the office, was defeated at the polls Tuesday. Mr. Hamlin has held this office for fourteen years. While he should have been giving this time to his own campaign in Lincoln county he was sending letters to the voters of Oneida county in behalf of the candidacy of Mr. V. Boyce whom he called his "chum".

The communication printed elsewhere in this issue in regard to the destruction of lawns and flower gardens by chickens running at large the early part of the summer and later by the army of "jay walkers" who see fit to "cut corners" wherever possible, is a well merited protest. There is little use of attempting to make "a city beautiful" until its residents as a whole come to a realization that neighbors even though not poultry enthusiasts, have some rights. As to the "jay walkers"—a word to the wise etc.

The city council will be practically the same as last year except that Andrew Danielson, one of our excellent business men, takes Prescott Calkins' place in the fourth ward. Mr. Calkins' not accepting the nomination this year and Thos. Wright taking the place of and defeating Chris. Roepcke in the sixth ward. While we believe the two old members have aimed to do their duties, we do feel that their places will be excellently filled by the two new members. We consider that the common council under the new body will aim to give us excellent service and look for the welfare of the city of Rhinelander.

AFTER THE BATTLE
The exciting campaign is over. Judge Charles F. Smith won re-election by a good majority. He defeated S. S. Miller, an old respected citizen of the county by over two hundred and Attorney Morter was third.

Judge Smith was active and vigorous in his canvass while Mr. Miller did little outside campaigning. While Mr. Miller drew his votes largely from the old residents, Judge Smith captured the young hustlers. Either man would have given splendid service in the office. For a short time after Judge Walker's death, Attorney Morter served in the capacity of judge with credit. It is a remarkable fact that Judge Smith's record of fourteen months' service leaves him without a blemish, few such records in public life; all honor and respect for Judge Smith.

The campaign between M. V. Boyce and F. A. Lowell for county superintendent was sharp but never was a criticism made against F. A. Lowell's record as a superintendent and as an educator.

ADDITIONAL LOCALS

Mrs. R. J. LaSelle entertained at bridge Wednesday afternoon.

Miss Anna Oakley is spending the week in Chicago with friends.

Mrs. B. R. Lewis will entertain at a five o'clock tea tomorrow afternoon.

Miss Kathryn Brown is home from Downer College for the spring vacation this week.

Peter Jackson was fined \$10.00 and costs in municipal court yesterday on a charge of larceny.

Miss Margaret Shelton who is teaching at Hurley, spent Saturday, F. M. White was also with us on Sunday at her home here. She was accompanied by her friend, Miss Mohler.

Mrs. Emil Kloe of Three Lakes is in the city today. She informs the New North that the condition of Mr. Kloe who is a patient in a Milwaukee hospital is very much improved.

The societies of the Congregational church will give a daisy shower for Miss Van Plugh at the church this evening. Miss Van Plugh will leave for her home in Chicago next Tuesday.

Ray and Vern Redfield, students at Ferris Institute at Big Rapids, Mich., were home for the Easter vacation. They returned to their studies today. Rhinelander this year contributes ten students to the total of nearly 1200 that attend this school.

Mrs. A. W. Sengbusch returned last night from an extended visit of several weeks in Milwaukee, where she visited with Mr. Sengbusch's parents. She also visited with her parents at Hartland.

Authorized and paid for by F. A. Lowell at 5 cents per line.

To the voters of Oneida County:

I wish to thank you for your loyal support during the recent campaign for my re-election as County Superintendent of Schools. The faithful support of the women who give the educational work much attention is heartily appreciated.

I wish it were possible to write individual letters to all faithful supporters, but the list is too large.
Yours truly,
F. A. LOWELL.

MANY FARMERS AT MINOCQUA

The three days' Farmers Course at Minocqua closed Saturday. It was probably the largest and best farmers' meeting ever held in the county. The attendance ranged between 60 and 120. Many farmers did not miss a single session during the whole three days. An exceptionally strong course was given this year, and farmers showed their appreciation by their attendance and interest. Several men on the program declared this meeting to be the best they have held during the year. This all goes to show that Oneida county is taking the proper attitude toward agriculture. The spirit shown here will help the farmer win out in any county.

W. D. Jaday opened the course with a talk on soils. He urged the farmer to grow and turn under more green crops and especially clover, and aim to make the soil a little more productive each year. The importance of keeping live stock and also the growing of all crops in a well planned rotation was clearly brought out. Mr. F. H. Scribner followed with a talk on "better cattle." He urged every farmer to select the breed of cattle he liked best and then to gradually build up his herd by the use of a pure bred sire. He showed that kind treatment and good feed are important factors in the success of any dairyman. Lantern slides were used to illustrate the difference between the scrub animals and those of good breeding. Mr. Scribner is a most interesting speaker and people were more than pleased with his remarks. Mr. Luther followed Mr. Scribner with a talk on dairy rations. He showed how little real nourishment there is in such feeds as slough hay, timothy hay, and straw, and also showed how important it is to feed some good clover or alfalfa hay along with the corn silage or corn fodder.

Prof. J. G. Milward, our potato expert was with us on Friday, and he never fails to draw a crowd. The two things Prof. Milward brought out most forcibly was the growing of a much less acreage of potatoes and a much closer grading of those we do grow. He also emphasized the importance of getting rid of all diseased tubers. To do this effectively he said all the seed should be treated with formaldehyde, the vines sprayed with Bordeaux mixture, all plants affected with any of the leaf roll diseases be pulled and destroyed. Prof. F. M. White was also with us on that day. His talks on gas engines, and concrete construction were very interesting. He showed by the use of lantern slides just the type of engine to buy and also gave some valuable information concerning the solving of the more common engine troubles.

On Saturday Prof. F. J. Wojta and E. J. Delwich gave talks. Prof. Wojta's talk on root crops was especially beneficial. He urged us to take advantage of our favorable climate and grow more root crops. Root crops can replace half the grain ration of dairy cows and thus save the farmer the expense of buying so many expensive grain feeds. Ten pounds of roots will take the place of a pound of grain. Roots are especially valuable in that they keep the cattle in good condition and at the same time stimulate the production of milk. Prof. Delwich talked on corn and by the use of charts showed how important it is that we get all corn as nearly ripe as possible for in the ripened state it has almost double the feeding value as when cut green. He urged the use of northern grown seed corn, especially that cured in our own county.

One cannot estimate the immense amount of good done by one of these courses—farmers come with their problems, discuss them, and as so learn of problems they did not know of before. They all get new and better ideas and go back to their homes with the determination to make farm life worth more than ever before. People in and around Minocqua are to be highly commended for their excellent co-operation in making this meeting such a splendid success. Next year the course will probably be held at Three Lakes or Cassian.

NEW ADDITION TO CITY

J. J. Remo has decided to plat a portion of the old Crofoot farm into building lots. The land lies close to the city and will doubtless meet with a ready sale at the prices that will be named.

DRY ADVOCATES GAIN TERRITORY

While the wet forces held their ground in the larger cities, the result of license elections in 102 Wisconsin cities, towns and villages Tuesday shows a net gain of 15 localities for the drys.

In the larger cities the license advocates won. In Madison a wet majority of 67 one year ago was increased to 301 Tuesday. Superior was dry by only 15 votes. Other cities remaining in the wet column are Beloit, Ashland, Tomah, Phillips, Portage, Rice Lake and Neenah. Sparta, Ladysmith, Bayfield and Boscobel are the largest places added to the dry column. Results thus far show that 63 cities and towns voted to remain wet and 41 that were dry decided to continue so. Nineteen places that were wet went dry and four that were dry voted saloons in. In nearly all the places a large vote was polled.

SOCIAL EVENTS

The Priscillas held their monthly meeting at the home of Miss Edith Brown Saturday afternoon. The afternoon was spent in sewing.

The membership contest that has been going on since early in December, closed Friday night at the Grange. The pioneers have waged war with the settlers over getting points and came out victorious. This means that the settlers are to give a banquet at the next meeting and the third and fourth degrees are to be given to candidates. A large attendance is hoped for.

The Congregational Ladies Aid had a very pleasant meeting yesterday at the home of Mrs. C. P. Crosby.

PAYS VISIT TO CITY

D. S. Johnson of the Red Granite Herald, published at Red Granite was in the city yesterday and spent a few hours renewing old acquaintances. He is about to dispose of his newspaper and devote a few years to farming, having recently acquired a choice tract of land near Echo. Mr. Johnson established the Oneida Herald here in 1897 when our county was created and for a number of years conducted the same. He has a large number of friends among the early residents of Rhinelander, who will be pleased to hear of his decision to locate near here again.

TO WRITE-UP RHINELANDER

Ward D. Williams, industrial commissioner of the Chicago Herald, will be here Tuesday and will meet many of the business men of the city and county in the Advance ment association rooms in the city hall. The purpose of Mr. Williams' visit here is to obtain material and data for a write-up on Rhinelander which will appear in a later issue of the Chicago Herald.

BIRDS RETURNING

Since the advent of warmer weather this week, several species of summer birds have put in their appearance, among the number robins, bluebirds, song sparrow and the purple martins.

In many of the cities of the state societies have been formed during the winter for urging better protection for the birds that come north for the summer months.

CHARITY BALL POSTPONED

The Charity League announced that this annual charity ball has been indefinitely postponed. It had been planned to give it the latter part of this month, but for various reasons it has been thought best to defer the same until a later date.

W. C. T. U. MEETING

The regular monthly meeting of the Rhinelander W. C. T. U. will be held at the library club rooms next Wednesday afternoon. All ladies are urged to attend. Mrs. J. J. Reardon will be present and tell of her recent visit to Florida and Cuba.

BRIDE DIES IN HUSBAND'S ARMS

The following taken from Grand Rapids Herald of March 22, refers to a former resident of this city:

"Happily married for less than a year, Mrs. Charles Ladewig, 18 years old, of Grandville, was suddenly stricken with heart failure yesterday afternoon while running for a street car, and death followed almost immediately. She was formerly Miss Mary De Byle of 526 Hilton avenue, S. W., this city.

Mrs. Ladewig was apparently in the best of health when she and her husband decided to come to Grand Rapids to visit her mother, Mrs. H. Schröder of 526 Hilton ave., S. W. Laughing and joking, they started from their home to catch a car. It was the first opportunity that she had had for some time to come into the city, and she had been looking forward to seeing her relatives with a great deal of anticipation.

As the young couple left their home, neighbors were standing upon the adjacent porches, and they called to them, saying that they were going to town. Hearing a car approaching, they began to run, when Mrs. Ladewig turned to her husband, complaining that she felt faint. They continued, and reached the corner just before the car arrived. Again she turned to her husband, saying that she was going to faint, and did so almost at once.

Mr. Ladewig carried her into the office of Dr. L. G. Wedgewood, which was close at hand, and he and the doctor set about to resuscitate her. Twice she recovered consciousness, and was able to murmur a few words but as quickly relapsed back into insensibility. All of their work was of no avail, and she expired in her husband's arms.

AROUND THE CIRCLE

Clarence Reimer of Chicago, who has spent the past four weeks with his sister, Mrs. Wm. Tucker visiting his children, departed for the Windy City, to again take up his vocation as machinist where he has a fine position with a large manufacturing company.

August Lundberg has moved to the Converse farm which he has leased for the season.

The sad news reached here that another old resident of town (if not of our county) had passed away this week at Sand Point Idaho.

Edward Paderick is preparing to move upon the Schmitz farm this week which he recently purchased from the administrators of that estate.

As a result of town election Tuesday the town of Pelican elected Mr. Olson as their chairman; Wm. Wendel and Sol Smith as the balance of the board and in Crescent J. J. Labold won out as chairman while Walter Kerber and C. Asmundson were elected as side board.

C. Lindberg has moved to the David Gustavson farm for the season and is making preparations for the season's work.

Burley Horr has purchased the J. Hess farm, a couple miles south of the city and expects to operate it this year with a competent superintendent.

AGAIN CARRYING MAIL

E. H. Reed one of the city mail carriers, who has been off duty for six months on account of a severe attack of rheumatism, is back on his former route. He was under the care of a Fond du Lac specialist for several weeks and is now his former self.

AUTO FIRE SCARE

A small blaze caused from dripping gasoline beneath the Conroy to as it was standing on Brown street Friday afternoon caused an alarm to be sent in to the fire department. No damage resulted.

TRAIN KILLS HORSES

Northwestern passenger train 116 struck and killed a team of horses driven by Joseph Vitos, a farmer, near Deerbrook Monday noon. Vitos was thrown many feet but escaped with only a few minor bruises. The accident occurred on a crossing and the horses were running away at the time.

CARD OF THANKS

"Thanks" to all my friends and I hereby tender my sincere citizens and especially to every city officer who during my term of office has rendered me their support. Hoping that a change in said office will prove satisfactory to both the citizens of Rhinelander as well as the city at large. Signed, GUST SWEDBERG, City Clerk.

TROUT SEASON HERE

The open season permitting the taking of brook trout from the streams of the state by means of hook and line will be ushered in next week Thursday, April 15. Several of the enthusiastic local anglers for the speckled beauties have already gotten out their fishing equipment and taken inventory of their needs in the way of new tackle, preparatory to a visit to some of the nearby trout streams just as soon as the weather man pulls the right lever and sends us a favorable day for best results at angling.

Unfortunately the streams of our county are not best suited for trout and we must go elsewhere for "his one variety of fish, but when it comes to pike, pickerel, bass or the gamey muscullonge, Oneida county has all other localities pushed to the rear.

Owen O. Wiard detective, social survey expert, criminologist, president of International Association of Licensed Detectives, Superintendent of Wiard's National Detective Bureau will be at Armory Saturday and Sunday nights, and men's meeting at Armory Sunday at 3 p. m. Speeches fully illustrated with slides. Admission free. Mrs. Wiard will hold a woman's meeting Sunday at 3 p. m. at Baptist church.

VOTERS OF THE SIXTH WARD

I wish to thank the voters of the sixth ward for the splendid endorsement given me on election day at the polls. It shall be my earnest endeavor to at all times give my best efforts to the performance of the duties of the office of supervisor. Respectfully, J. E. RUSS.

BUYS BRYANT HOME

The Frank Bryant residence property on the corner of Pelham and Frederick street has been purchased by Luther Brown. Mr. Bryant will vacate the same June 1st, when he will move to Hazelhurst.

POSTMASTER AT HARSHAW

In the list of postmasters appointments for Wisconsin published today appears that of C. B. Taylor for Harshaw in this county.

TO BUILD NEW HOME

Judge H. F. Steele is having plans made for a handsome residence which will be erected on his lots on Dahl street the coming summer.

Vividly Imaginary. Some men imagine that they are the powerhouse of the universe, and that the whole town would be dark if they'd quit.

"Peruna Cured Me"

I am glad to tell it."

MR. ROBERT FOWLER, Of Okarche, Oklahoma.

Mr. Robert Fowler, Okarche, Oklahoma, writes: "To any sufferer of catarrh of the stomach, I am glad to tell my friends or sufferers of catarrh that seventeen years ago I was past work of any kind, due to stomach troubles. I tried almost every known remedy without any results. "Finally I tried Peruna, and am happy to say I was benefited by the first bottle, and after using a full treatment I was entirely cured. "I am now seventy years old, and am in good health, due to always having Peruna at my command. I would not think of going away from home for any length of time without taking a bottle of Peruna along for emergency. "You are at liberty to use my picture and testimony if you think it will help any one who has stomach trouble."

THE SECRET OF DRY CLEANING

For years the secret of Dry Cleaning has been closely guarded. Dry Cleaning is just as easy as ordinary laundering when you know how.

A good many people have the impression that Dry Cleaning is simply washing in gasoline. This is a mistake. Washing your goods in gasoline would be just like washing your goods in clear water. Very little of the dirt would be removed. But call on AXEL SEABLOOM and all the dirt is removed, leaving the goods as white and clean as though washed in soap and water.

DRY CLEANING not only removes all dirt and grease but it kills all germs, leaving your goods perfectly aseptic. If you will Dry Clean your furs and woollens call on AXEL SEABLOOM before putting them away and have no trouble with moths.

DRY CLEANING will not injure the most delicate fiber, in fact it adds luster and fluffiness to furs, silks and woollens. All articles that are liable to shrink or be spoiled by water washing should be Dry Cleaned.

WHAT MONEY CAN DO

YOU have often heard the saying that money talks. It isn't so much what money says as it is what it does.

With a bank book stowed away at home you will be surprised how secure you will feel. You will not be afraid to face the future, its emergencies or its embarrassments. A feeling of independence will come with your bank account.

If you are earning and do not save, the day will come when you will no longer be earning, when you will be only too glad to save.

Do not let the opportunity go by. Save. This is the bank for you.

CUPID REIGNS SUPREME

Having succumbed to the wiles of
Dan Cupid, Stena Johnson and Jim
Kennedy have embarked on the fero-
cious sea of matrimony. Being unable
to resist the temptation to outwit
their friends and neighbors, Stena
and Jim crept stealthily away unob-
served by the populace; but Dan
Rumor put one over on Dan Cupid
this time, and before the knot was
tied, she had whispered in our
ears the secret.

Mrs. Johnson is one of our high-
ly esteemed young ladies and has
taught school successfully for a
number of years.

Jim Kennedy is a promising young
man and commands the esteem of a
wide circle of friends.

To the happy newly weds con-
gratulations are extended.

BIG ARTILLERY CAMP AT SPARTA

For two months this summer Spar-
ta will be a national center for train-
ing of artillery troops. From June 2
to Aug. 27, various states will have
organizations in training on the fed-
eral range near there. The pay and
subsistence of men and officers will
be paid from the federal fund for
encampment of state militia, and
transportation will be paid from an
other appropriation apportioned by
the federal government among the
states.

A battalion of Indiana artillery
will be sent first, June 16 to June
26, having been assigned to it. A
regiment of Minnesota artillery will
be in camp from June 27 to July 15.
A battalion of Michigan artillery from
July 16 to 27, during which time
the single Wisconsin battery from
Milwaukee, will also be put through
its paces, the Illinois artillery bat-
talion July 28 to Aug. 7, and the O-
hio battalion Aug. 18 to Aug. 27.

A school for officers of the artil-
lery, both commissioned and non-
commissioned, will be held at Spar-
ta from June 1 to June 15.

Communication read by F. A. Lowell, secretary of Oneida county agricultural society in regard to the buying of an auto, by the state.

Report of poor commissioner was read.

Rhineland, Wis., March 16, 1915.

To the County Board of Oneida County, Rhineland, Wisconsin.
Honorable Gentlemen: I herewith submit my report as the superintendent of the poor of this county from the date of my appointment, January 15th to the 15th of this month, covering a period of two months.

After being elected to take charge of all poor and pauper matters in the county my first important duty was to secure a competent man to take charge of the poor farm conformity with the resolution creating the county system as now in practice, knowing the importance of getting a man and a woman qualified in every way I did not go at this proposition hurriedly. I placed advertisements in both of the local papers and wrote several letters to persons that were in position to know or assist in this regard. A great many responses were received and from these Mr. Ed Cronin was accepted. He had been recommended by Supervisor Ira Smith, he has had several years experience in this line of work heretofore, had no family that would mean a county expense with a wife that was well able and competent to look after the house work and apparently qualified in every particular. So far Mr. Cronin has lived up to advance notices and is conducting the farm economically and well.

Due to the fact that considerable time was required in getting the right man to take charge of the farm and the fact that the poor farm and especially the furniture, was in such poor state of repair it became necessary to have the former superintendent, Mrs. Peter Doyle remain in charge for two weeks. Together with a committee of your members I made an inventory of all the property of a personal nature left by Mr. Doyle. When compared with the old inventory it was found that none of the county property had been removed from the premises. However, much new furniture was needed and an entire new store of provisions. For these reasons the bills now before the board for two months may seem large but when examined it will be found that the actual cost of taking care of the county poor during these two months has been much less than ever heretofore. I can give further assurance also that the actual expense, which will be regularly reported to you in itemized form, will be relatively low from now on. A system is established and is now being worked that insures this result. The lowest price will be obtained for all goods bought and no help will be extended except where, on investigation it is found to be legally and morally due.

It so happened that a number of cases came to the county physician of such grave nature as to require care that could not be given at the county farm and had to be moved to the hospital. I was able to have these cases taken care of there at the cost of one dollar (\$1.00) per day for each patient. These persons were kept at the hospital only as long as was absolutely necessary. In two of them operations were necessary to save the life of the patient. I herewith submit a list of all persons receiving aid from the hospital during these two months.

Steve DeFranco, Feb. 8 to Feb. 11, 1915.....	\$ 3.00
Ed Scidmore, Feb. 8 to Mar. 15, 1915.....	35.00
Alfred Bergstrom, Feb. 17 to Mar. 22, 1915.....	5.00
Albert Anderson, Mar. 4, to Mar. 15, 1915.....	11.00
Wm. Panke, Jan. 15, to Mar. 15, 1915.....	50.00
J. Kinasewski, Jan. 15, to Mar. 15, 1915.....	59.00
Dan McPherson, Jan. 15, to Mar. 15, 1915.....	59.00
Joe Gassione, Jan. 15, to Feb. 3, 1915.....	19.00
E. Kell, Jan. 16 to Feb. 3, 1915.....	18.00
John Olski, Jan. 23, to Jan. 25, 1915.....	2.00
Mrs. L. Bendara, Feb. 1, to Mar. 13, 1915.....	41.00
Mrs. L. Jeffery, Jan. 15, to Feb. 17, 1915.....	33.00
Miss Eva Trzebitowski, Jan. 15, to Feb. 12, 1915.....	28.00

Total amount.....\$372.00

Of this number but five remain at the hospital and all but one of these will be discharged or moved within a short time it is thought. Due to the fact that the farm is now in much better condition a good many of the cases that had to be kept at the hospital heretofore can hereafter be taken directly to the county home.

When I assumed charge of this work there was a good many families receiving aid from the city on the outside. Since then others have been found to be in temporary need, these of course were assisted at their home and I herewith give a complete list of all these and the given.

To Ira Smith, care of L. E. Mangshoel from Jan. 15 to Feb. 13.....	\$ 24.47
To Steve Nitke, rent for Mrs. B. Lorbetski, Jan. 15 to Mar. 15.....	12.00
To Markham & Parker, groceries to Mrs. McDonald in Feb.....	5.40
To Markham & Parker, groceries to Mrs. Miles, Feb. and Mar.....	13.75
To Robbins Lbr. Co. for wood for Lord, Sturgis and Kaplinst.....	10.50
To Mrs. B. C. Ferris, rent to McDonald, Jan. 15 to Mar. 15.....	10.00
To A. R. Mangerson, groceries for Sturges, Gunderson and Lord.....	45.00
To C. A. Conro, rent for Mrs. Nelson, Jan. 15 to Mar. 15.....	16.00
To Stevens Lumber Co., wood for Gunderson, McDonald & Webb.....	10.25
To M. Dolan, board of Jas. McKennan Jan. 15 to Feb. 17.....	17.35
To M. Dolan, board of Alfred Bergstrom one day.....	.75
To Chas. Keep, care of Mrs. Jeffries baby, Jan. 15 to Feb. 17.....	11.79
To Chas. Pautz, groceries for Rosa Webb in February.....	5.82

Total amount.....\$191.06

The above constitutes all that has been spent on outside families. You will note that three men received aid for short time out of the farm. This was due to the fact that accommodations could not be made at the farm any sooner. Have also found in many cases the head of the family can be assisted in getting light work and in those ways assist themselves and in some cases to get help from relatives. From now on these bills will, I hope also increase. Every effort will be made to keep them as low as possible and no doubt a saving can be had over the old system.

When taking office it was necessary to get a desk wherein to keep records and files and this was done. I also had to get a bond pursuant to law and this is included in my personal charge. Due to the fact that the county has no team or horse a conveyance had to be hired. These bills are also in my account. In all the expense of the office has been, including my salary and desk, for the two months the sum of \$104.00.

The total expense for conducting the poor farm during these two months are shown in the following itemized account of every bill.

To Nichols Hdwr. for hardware and 20 chickens.....	\$ 34.15
To Chas. Pautz for groceries.....	12.99
To Alois Schuppler repairs on shoes for inmates.....	2.30
To Dave Kirk, 6 cords wood at \$4.50 per cord.....	22.50
To Gary & Danielson for clothing for inmates.....	4.50
To A. R. Mangerson, groceries.....	58.54
To Mrs. R. Franklin, groceries.....	6.53
To D. Nelson, groceries.....	22.25
To Robbins Lumber Co., 7 loads wood at \$3.00 per cord.....	21.00

To Rheume & Guilday, meat.....	21.32
To Peter Doyle wood, potatoes, milk and board.....	193.94
To Ed Kronin, salary one and one half months on farm.....	75.00
To F. A. Hildebrand, mattresses.....	7.00
To Jay Miller, one cow.....	70.00
To J. J. Nick, mattresses.....	7.00
To O. A. Kolden, bedding.....	20.50
To Jay Miller, four pigs at \$3.00 each.....	12.00

Total amount.....\$591.52

It will be noted that a cow was bought. This was practically a necessity. A good cow was secured and since being bought has given birth to a calf. It was necessary to buy a good deal of wood. This was done at the lowest possible price. Four pigs were also bought as they were badly needed. Many of the other items were for bedding and necessary furnishing. These bills are, of course, therefore, large and will not come again for some time. Every effort will be made to keep the regular bills down as low as possible and the best prices will be obtained on all articles bought.

There have been but two funerals at county expense. Through a misunderstanding Mr. Nick got both. Therefore under your instructions, Mr. Hildebrand will be entitled to the next two. The relatives were prevailed upon to pay most of the expense in one case and left only the balance shown. The following are the two:

To J. J. Nick, burial of John Olski.....	\$ 3.50
To J. J. Nick, burial of V. Sanders.....	20.00

Total amount.....\$23.50

There are now sixteen inmates in the county farm. Before any more could be put in more furnishing would be needed. However it is thought that some of those now in will soon be discharged. In each case a thorough investigation is made and the legal settlement of the person found if possible. From now on, except in cases of temporary aid, no one will be committed except on order of the county judge. The district attorney is notified of each case and its history and will, where possible, collect the amount expended from some other community or the persons relatives.

Due to the fact that no appropriation was made last fall for the poor and pauper it will be necessary for the board at this meeting to set aside in the poor and pauper fund a sufficient amount from the general fund. I suggest that \$2000.00 be so set aside.

There is a great deal more work connected with this office than at first thought if you are to have the work done properly as I mean to do it. A full report will be made to you of every cent spent. In this way and by closely following the practice adopted a saving can be had beyond any question.

I have succeeded in collecting back the money that was used in helping Mr. Chas. Brown as herein before noted.

The bill of Dr. Torpy was an immorality one. The patient could not be removed from Minocqua and had to have medical care. Therefore it would seem that this bill ought to be paid.

It will be necessary to purchase a team, plow, harness, wagon and other articles so that farming may not be delayed this spring. I suggest that your chairman appoint a committee to assist in getting a team so that you may know exactly what you are getting for your money.

It would be best to have one more cow also and a few more pigs and chickens. I desire that this and other matters of this kind be discussed at this meeting so that there can be no misunderstanding as to what the farm needs.

Respectfully submitted,

Moved by Supervisor Baker and seconded by Supervisor Wubker that the report be accepted. Motion carried.

Communication of the Russell road machinery was read by clerk and same referred to committee on highways.

OUR NAVY THE "BIGGEST UNIVERSITY IN AMERICA!"

Remarkable Success Crowns New Educational System Inaugurated by Secretary of the Navy Daniels—Every Battleship an Interesting School.

OPPORTUNITY! Preparation! Success!

What really wonderful words they are! They dominate to day the lives of every patriotic young American with good red blood in his arteries.

They mean achievement. They mean more self respect. They mean honorable recognition. They mean, above all, content and happiness.

Stop a moment, young man, if your eyes happen to fall on this. It may be of vital importance to you. It may result in opportunity for you, in preparation for you, in success for you, and then achievement, more self respect, honorable recognition and content and happiness.

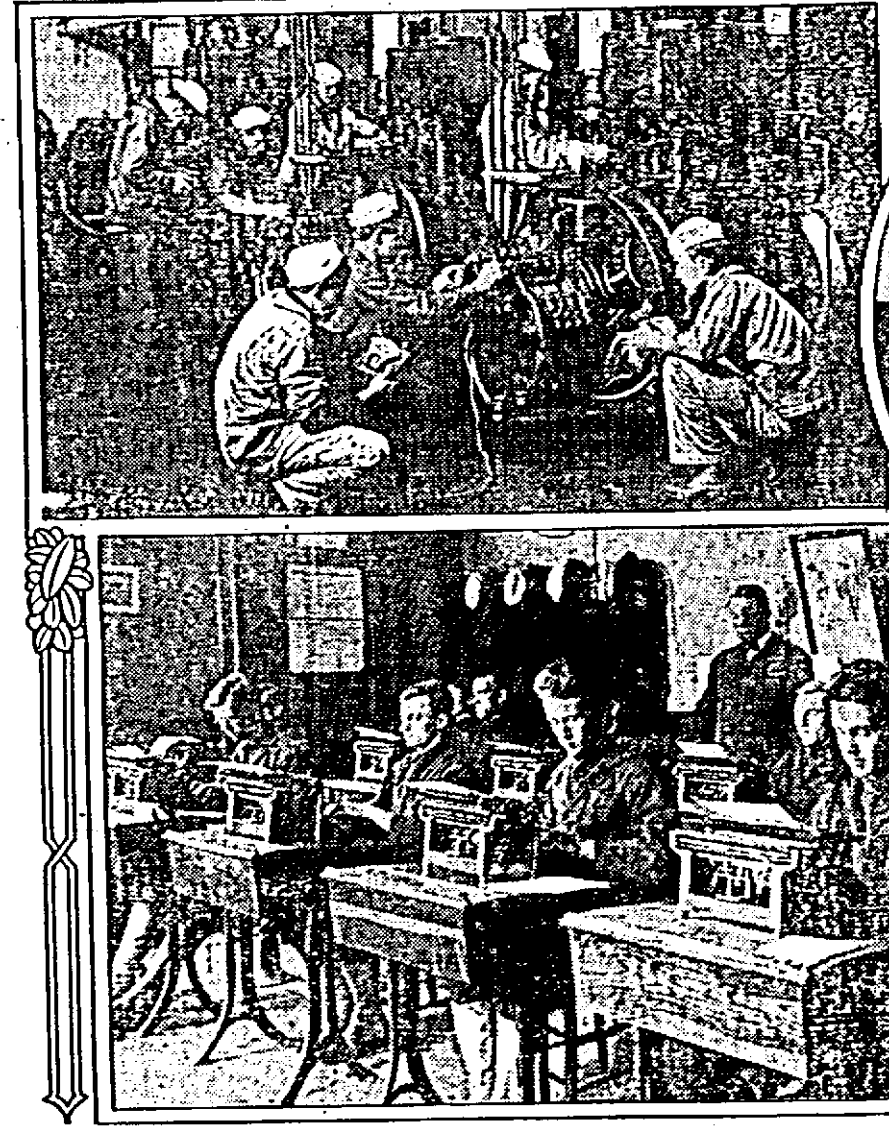

It is a very simple thing, yet a very remarkable and interesting thing, that has taken place in the great United States navy—a thing which spells opportunity, preparation, success.

A Plan With a Purpose.

To begin at the beginning, an achievement is usually the result of a pre-conceived plan, the fruit of an idea, advanced with persevering effort. Secretary Daniels' idea of the navy is for one large enough and powerful enough to make war with the United States too unpleasant in its consequences to be seriously considered by any foreign power and at the same time a navy that will receive young boys with untrained habits and little technical skill and transform them into young men trained to discipline, physically fit and possessed of a practical knowledge of technical mechanics that would enable them to bear more than their share of the work of making our nation the greatest in the world. He believes "the man is greater than the machine." It is self evident that nothing, not even the most perfectly developed apparatus, can operate without the aid of the human element. Men must be on hand to start and stop the machinery at the proper time, to divert it this way or that, to keep its bearings well oiled and to get from it its maximum efficiency. It follows reasonably that the more skilled the men the more the machine can be made to do and that if the skill and ambition of the enlisted personnel are enhanced the efficiency of the service will be increased to that extent.

Recruiting had been desultory during the winter and spring of 1912-13, and at a time when the enlisted force of the navy was expected to be and at that time of the year usually was at its greatest strength it was found to be nearly 5,000 short. Was the call of the navy losing its charm? Could it be that the navy did not attract American youths in numbers sufficient to man its ships? If so, that attraction must be provided. It was at this time that Secretary Daniels perfected his plans for making the navy even more attractive to young men by opening doors to promotion and for co-ordinating and expanding the existing educational facilities of the service on the axiomatic principle that knowledge is power.

We know that a bargain, to be fair, must be mutually beneficial. Both parties must be profited by it. The navy speaks and says: "I need men. The best men only are desired. I know intelligent and ambitious men will give me better service than the indolent and ignorant, and in order to get the best I am not only going to give them an opportunity to succeed, but help them materially while they are making use of the opportunity."

Every Battleship a School.

Secretary Daniels planned to further educate and train Uncle Sam's blue-jackets. He planned to take the unskilled recruit and make him skilled, so that he would be more efficient to the country and to himself.

And the plan has succeeded wonderfully, splendidly. The navy is today so fully recruited there is a waiting list of applicants. Only one of eight first applicants is accepted. They must be men of character, good physique and mental ability. Such men are, however, in demand to replace others as enlistments expire, and their applications are welcomed by the navy department.

An office is maintained in the post-office building, Indianapolis, Ind., for the distribution of literature to prospective recruits and others interested in service in the navy, and information is sent promptly to all who request it.

When he enters the recruit finds the navy the "biggest university in America." He is well grounded in educational necessities. He has a chance to learn a trade. There is always room for trained men, and the most promising of unskilled recruits are chosen to specialize on the work for which they are best fitted. As in all other fields, the best man has the right of way, but each recruit, irrespective of his relative ability, is given every facility to improve and may achieve later in his enlistment the rating he was at first denied because of his deficiencies.

Young men sufficiently skilled in any number of trades, such as electricity, machinery, carpentry, radiography, plumbing, printing, blacksmithing, boiler-making, hospital and commissary stewarding, may qualify and from the start receive instruction designed to improve their professional efficiency,

and young men of education and clerical ability will find the yeoman's branch presenting opportunities for success. Thus under Secretary Daniels' new system the man-of-war's man is prepared. He can find his opportunity and success earlier in or out of the navy.

Doesn't this all appeal very vividly to the imagination? Think what it means! A young American, perhaps with only a cramped education, without a trade, enlists. The navy immediately starts to help him, to improve him mentally, morally and physically. For six months he goes to school again at a training station, a school more practical, more direct, more personal, more satisfying than the one he possibly neglected or had no opportunity to attend a few years back. At once he becomes improved, more of a man. Then he goes aboard a battleship. He keeps on learning, improving.

Secretary Daniels' Plan.

But let Secretary Daniels tell about his system in his own words. He says: "By the double opportunity on ship-board of mastering a useful trade and at the same time enlarging whatever academic educational advantages they have had the navy attracts the very best of our youth to it. And that is what it wants—young men who enlist for the very love of the career, combined with whatever other practical

advantages and opportunities it may offer that will protect them in case of detachment from the service by giving them the qualifications to take up a definite line of work.

Officers as Teachers.

"On each ship the school of instruction is under the general direction of the commanding officer, the executive officer having immediate charge, he, in turn, being assisted by all commissioned officers and by such warrant and petty officers as may be necessary.

"It has become the duty of division officers carefully to examine all men under their supervision, noting the deficiencies of each man, the amount of instruction he may have received at the training station, the branches in which further instruction is most needed, the fitness of each man for promotion, the branch for which he is best suited and the personal preferences and ambitions of each individual in order that classes may be formed to secure progress and improvement in the mental and technical training of men in every branch of the navy service.

"The instruction in the academic department is compulsory for all enlisted men who are not well grounded in the common school branches, as determined at the training stations or upon first enlistment or by an examination

of all men who have not yet completed two years' service in the navy. The subjects embraced in this department are reading, writing, arithmetic, spelling, geography and history."

Bluejackets' Manual Simplified.

To make the naval or professional instruction easy as well as systematic throughout the service subjects are prescribed which every man, irrespective of his rating, should know, as well as subjects which his special rating requires him to be familiar with. So during the last year the Bluejackets' Manual has been revised, making it simpler for every man to qualify himself on all matters which his rate necessitates. In addition special manuals have been prepared for the pay, medical and engineer departments to assist in school work.

Technical training schools are in operation and are very successful. Some of these schools are the torpedo and seaman gunners' school at Newport, the machinists' school at Charleston, S. C.; the electricians' schools at New York and Mare Island, the artificers' school at Norfolk, the musicians' schools at Norfolk and San Francisco, the school for cooks and bakers at Newport, the yeomen's schools at Newport and San Francisco, the school for hospital corps at Newport and the school for newly appointed pay officers at Washington.

These schools give practical instruction and training in trades that are useful in the service and civil life.

Making the Naval Gunners.

It is at the seaman gunners' class at the torpedo station, Newport, that the distinctive naval trades are taught. Young men on second enlistment are sent to this school by Uncle Sam for an eight months' course. The men are selected for this training who have served four years at sea and have clearly shown by their ability and their willingness to face danger and meet existence with a cool and steady

United States Man-o-War's Men Now Taught Trades They Like For Their Own Betterment—Efficiency of Navy Is Thus Greatly Increased.

head. Here they are taught all that pertains to torpedoes and mines. They learn to assemble torpedoes and are taught diving and electricity as applied to ordnance mechanism.

Alfines are made, set and exploded by the class. The student must learn to make the most deadly explosive from raw chemicals. Torpedoes and gun-cotton are equally interesting lessons. The student learns the intricate, watch-like mechanism of the torpedo in that he can almost assemble the thousands of its pieces in the dark. Despite the danger Uncle Sam has never had a serious accident at this school. The men are taught the danger of explosives and how to handle them safely.

At the Charleston (S. C.) machinists' school men interested in mechanics study boilers and engines from both a theoretical and practical viewpoint. Here the young men of the navy become mechanical engineers and draftsmen.

Carpenters, plumbers, blacksmiths, coppersmiths, electric wiring experts, painters and cooks are turned out by the scores at Norfolk.

In the hospital corps training school the hospital apprentice learns the properties and effect of all kinds of medicinal drugs. He must also take a thorough course in anatomy and hygiene.

Each year the naval training station at Chicago turns out about 1,500 able seamen. Nine out of ten of these men enter the naval service fresh from the middle west farms. After taking the six months' course they are prepared to go aboard ships, ready for the duties of a man-o-war's man.

Naval Academy.

Before a midshipman graduates from the Naval academy he receives a special course in teaching in preparation for the instruction of enlisted men when he goes into active service. The secretary of the navy, through a bill passed by the last session of congress, is now empowered to appoint annually fifteen enlisted men as midshipmen to the Naval academy. The better educational facilities at training stations and aboard ships will, with every passing year, enable ambitious and capable youths to qualify for this instruction and prepare for commissions in the navy.

Re-enlistments Increased.

Every young man who enters the navy with an earnest desire to improve himself is given that coveted opportunity. The present attractiveness of the naval service is evidenced by the increasing number of men who, having served one or more terms, re-enlist for another. "When a man has served his time he leaves the service much better prepared for the 'battle of life' than when he entered." He is almost sure of a place in the world's mart of trade. The navy trained man is in demand. If the sailor re-enlists, as many do, he gets more pay and quicker advancement.

So, you see, young and patriotic American, if you have read this all through, that the United States navy today stands for opportunity, preparation, success. It offers this to the sailors in return for the superior service required and stands ready to co-operate with men of ambition and ability that they may be better able to serve it and themselves with efficiency and success.

VETERAN EDITOR DIES SATURDAY

Rhinelander friends of Edward D. Glennon, editor and owner of the Stevens Point Gazette, were grieved to hear of his death Saturday in Sacred Heart sanitarium, Milwaukee. Mr. Glennon recently suffered a stroke of paralysis and was taken to Milwaukee two weeks ago. Friday, he suffered another stroke from tending Easter services at the M. E. church at Prairie Lake Sunday, regardless of the inclement weather.

Born in Stevens Point Sept. 3, 1857, he lived his entire life in that city. He was founder of the Stevens Point Gazette, a Democratic paper and was active in Democratic circles in the central and northern sections of the state. He served several terms as alderman in his home city and was a member of the school board.

His widow, six children, and two brothers survive. With him in Milwaukee at the time of his death were his wife, his daughter, Margaret; Edward, Jr., and his brother, Frank M. Glennon.

The body was taken to the home at Stevens Point Monday and the funeral held Wednesday morning at nine o'clock.

Handkerchiefs Carry Contraband
It is a common practice of mothers and fathers to use their own pocket handkerchiefs to wipe the noses of their young hopefuls. The practice is by no means limited to "common" people. I have frequently observed it among friends who have their nails manicured each week, who take daily baths, and are most scrupulous in all ordinary conceptions of cleanliness.

A used pocket handkerchief is, at best, not a very clean article from the viewpoint of a physician. A snow-white handkerchief of a consumptive or of the victim of a common cold is a veritable menagerie of disease germs. On the other hand, a handkerchief may be grimed by weeks of contact with clean earth or coal dust and be comparatively clean.

Dirtyness and cleanliness are relative terms. To a physician, with his knowledge of the nature and spread of disease germs, "dirty" comes to signify malarial, however clean it may appear, which is likely to carry more than an ordinary dose of disease or disease germs.

It has been said that the Chinese find our practice of carrying more or less soiled handkerchiefs in our pockets most offensive to their ideas of cleanliness. We, on the other hand, are rather shocked by their rapacity. This, I am informed, is to carry a number of paper napkins, which are thrown away after wiping lips or nose. Except for the indiscriminate tossing away of such papers, their practice is undeniably cleaner than ours. Indeed, in the most approved tuberculosis sanatoria, the Chinese method is employed, except that the soiled napkins are placed in oil paper bags and destroyed by fire, bag and all.

The "common drinking cup" must take its place in the discard with "common roller towel." As a carrier of disease it is much more important than either of the latter two. While the state can and does prohibit the use of common towels and drinking glasses, it can not be expected to regulate intimate details of personal and family toilet.

This gives an excellent illustration of the impossibility in many instances of regulating personal and public health by law. It also illustrates the need of personal information and the safeguard that knowledge furnishes thinking people who will take the pains to understand the few principles which underlie disease spread and prevention.

More than a dollar out of your pocket—

EVERY dollar you spend outside of your own town for merchandise that can be bought of your local dealer is more than a dollar out of your pocket.

Your town's prosperity depends on the prosperity of its merchants. Your prosperity depends on the prosperity of your town.

No-trade, no merchants; no merchants, no town; no town—you lose.

Besides, you lose in the direct returns for the money you send away.

Three dollars will buy a Gordon Hat in your town. Gordon Hats without the label are sold in the big cities for \$3.50 and \$4. The Gordon label on hats, caps and gloves is a sign that you are getting full value for your dollars.

The same is true all down the line. The big city merchant must get larger profits on his goods—and he does.

Trade at home, but be sure to buy goods you know about.

Chance of a Life Time To Get This Famous Hoosier Kitchen Cabinet

**SAVE
\$2.50**

Beginning Saturday, for one week only, The Hoosier Manufacturing Company permits us to sell the "WHITE BEAUTY" at \$2.50 less than the low cash price established by the Hoosier Company. Regular Hoosier prices are remarkably low. This reduction means an unheard-of bargain. 800,000 Hoosier Cabinets have been sold. "WHITE BEAUTY" is the finest Hoosier made. To double the sale of this one cabinet quickly, the Hoosier Company authorizes this sale in 1000 picked towns. This is truly the chance of a lifetime for a few women only. Our allotment is strictly limited.

"WHITE BEAUTY"

delivered for \$1.00

Then \$1 weekly soon pays the balance. Your money back if you're not delighted with it. No extra fees. No interest. Just the cash price less \$2.50.

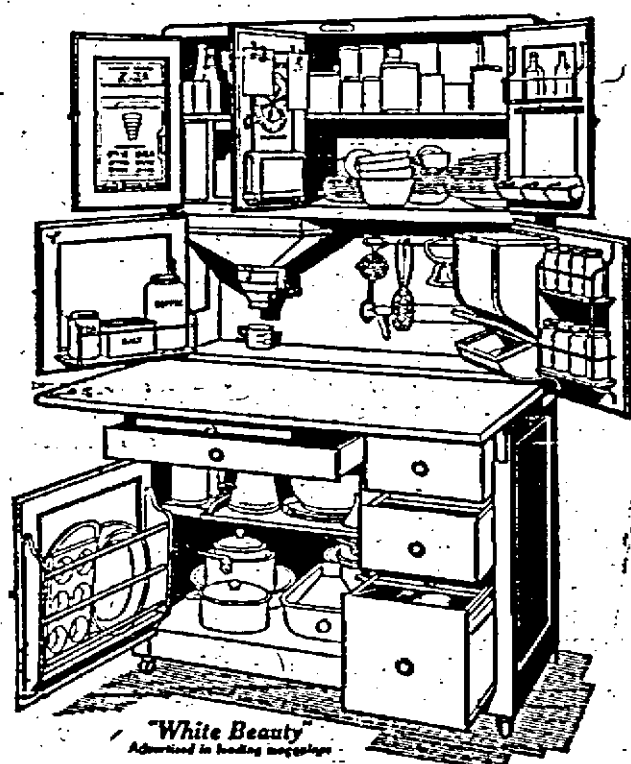

Saves Miles of Steps for Your Tired Feet

You now must carry things from your cupboard and pantry to your table and back again at every meal. This means miles of steps. The Hoosier saves all these because it combines everything at your fingers' ends. You can sit down in front of the Hoosier and do nearly all your work. You save energy by saving steps. You have more leisure.

Has 40 Labor-Saving Features---17 New

This "WHITE BEAUTY" gives you a real scientific kitchen. You can put 400 articles in this new Hoosier, every one at your fingers' ends.

The cabinet includes the patented shaker flour sifter—only sifter made that shakes through instead of grinding it. It also has a complete accounting system; a cook-book holder that keeps your book always open in front of your eye; Mrs. Christine Frederick's Food Guide that answers the question, "What shall I have for dinner?" The new all-metal bread and cake box has double capacity, due to improved arrangement, and the work table is of pure aluminum.

Take Five Minutes to Decide Now

Come in tomorrow early--examine these new Hoosiers carefully--then decide whether you want to buy now while you can save \$2.50, or later when you cannot buy below the regular set prices; decide whether you can afford to waste the energy you now spend in walking in your kitchen, when a single dollar will bring you the Hoosier tomorrow.

Remember--that after this sale the "WHITE BEAUTY" goes back to the regular price.

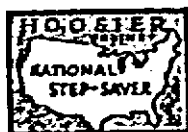

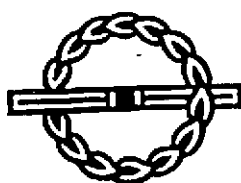

Remember--that the new Hoosier Club may be entirely filled the first or second day of this sale. Come at once and enroll your name.

Try the Hoosier in your kitchen. Then, if you will part with it, we will gladly refund your dollar. Come early. Other women too are making up their minds now.
